Re: DHHS Ingredients Report

Dear Lee:

Attached is a copy of a letter I recently sent to Fred Newman updating him on the status of the DHHS report on ingredients and describing developments in the ingredients area as a result of the proposed "Kennedy" Bill. As you may know, Senator Kennedy has proposed to amend the Public Health Service Act to require disclosure of cigarette additives and impose restrictions on their use. The possibility of congressional hearings in connection with the Bill may result in a renewed effort on the part of the Department of Health and Human Services to complete their report on ingredients in the near future.

If you have any questions, please don't hesitate to call.

Sincerely,

WILLIAM S. OHLEMEYER
